## Select a Campaign

You don't have any campaigns yet.

+ Create a  
New  
Campaign

## 3.0 Select a Campaign

- 3.0 This page should only show up if a user is associated with multiple active campaigns or has none. This is the empty state of the page.
- 3.1 Agents add their own campaign. Ex. Sales person to add leads to send out calls.
- 3.2 Agent Info, Agent's Local Number, the Company Number & agent's extension

You don't have any campaigns yet.

4.0

This is a training page, please make a page that exists. We (UX/UI team) will create the details later. This page should appear to first time users in their workflow. It should also be bookmark able as a help page.

## 4.0 Using the Interface

**Call Related Actions**  
Here is where you will find all actions related to the call you are currently on. Including the customer's name and phone number.

**General**  
This area will show your script and any other pages that are needed.

**Your Details**  
Here you will find your name, your number and extension, and your settings.
